For Immediate Release  
April 10th, 2021.

Dear citizens and global friends to the people of St. Vincent and the Grenadines,

The country, and in particular the mainland of St. Vincent as of April 9th, 2021 has been moving through the impacts brought on by the continuous explosive eruptions of the La Soufriere volcano.

As such, we are facing an unprecedented crisis, in light of the occurrence of this natural phenomenon in the midst of a global pandemic. In our effort to lend a hand and be our brother's and sister's keepers, **Rise Up Bequia**, a non-profit social organisation—founded in 2013, incorporated in 2015 under the Company Act 143, 7 of 2015—will be conducting a series of relief efforts in the coming days and weeks to assist in the provisioning of shelters in order to best assist evacuees in this time of urgent need.

To that effect, the organisation will be accepting non-perishable food items and cash through local relief efforts that will give shelters more means to provide for those affected and displaced in the coming weeks.

We understand that there are many people in the diasporas connected to our beautiful country, and those who are generally concerned also looking for ways to donate to socially responsible organisations to bring immediate aid to Vincentians in need.

To that end, Rise Up Bequia is sharing our banking information with those wanting to make monetary and financial contributions to the organisation. We will be using incoming monies to purchase supplies primarily from local businesses and funds will be extended beyond as needed to provision adequately.

Currently, members of the organisation are in touch with several shelter managers who have identified needs for their individual spaces, many of which are sheltering children, the elderly or disabled peoples who, in addition to their special needs, have just experienced a severely traumatic, apocalyptic and volatile event.

**Rise Up Bequia** is committed to building national, regional and international awareness, camaraderie and support for these efforts in the short term, and understand that the road to recovery and national healing will be a long-standing endeavour in the months to come.

**Rise Up Bequia** and the people of St. Vincent and the Grenadines thank you for the outpouring of support and encouragement and witness the kinship and solidarity in your giving.

We thank you from the bottoms of our hearts.  
Team Rise Up Bequia.
